# PROFESSIONAL BASIC

**COMPLETE AND BALANCED FOOD FOR ADULT DOGS  
OF ALL BREEDS**

**MSM PROFESSIONAL BASIC** is a complete and balanced food indicated for adult dogs of all sizes. It contains Omega 3 and Omega 6 fatty acids for the wellbeing of the skin and coat and Choline Chloride which favours the assimilation of fats and prevents excess deposits in the liver.

Our exclusive "Triple layer" croquette foresees different cooking times for the different raw materials in order to obtain a high digestibility of the starches. In addition, the cold mixing of animal proteins, minerals and vitamins, preserves at best their nutritional and organoleptic characteristics, avoiding to submit these ingredients to a further thermal treatment.
