PODIUM BREEDER PUPPY & MOMMY MEAT

COMPLETE FOOD FOR PUPPIES OF ALL SIZES
AND NURSING FEMALES

A complete food characterised by:

- **High digestibility**, to promote absorption of nutrients in puppies' delicate digestive systems.
- **Excellent ratio of Omega 3 and Omega 6** fatty acids to help keep coat glossy, contribute to the functioning of the cardiovascular system and facilitate anti-inflammatory response.
- **Organic selenium and Vitamin C** to combat oxidative stress and premature cellular ageing.
- **Beetroot pulp**, a precious source of dietary fibre to promote good digestion by stimulating the motorial abilities of the stomach and intestine.

INSTRUCTIONS FOR USE

PUPPIES: serve food damp, divided into three daily meals, according to the approximate quantities shown in the table, from weaning to completion of growth (about 8/10 months). Mastiffs, which continue to grow until an age of about 18 months, may be fed Puppy & Mommy Meat for the first 8 months after weaning, followed by a high-energy food in the same line until they have finished growing. **FEMALES:** serve Puppy & Mommy Meat dry (or dampened with water or broth) for all meals of the day from one month before giving birth until one month after the puppies are weaned. Always provide your pet with fresh, clean water. Store in a cool, dry place.
